At Ubisoft Mainz, we are always on the lookout for talented people to join our teams. In the coming months we're expecting the opportunity to further grow the QA department behind Anno 1800 and are hence already accepting speculative applications\* for positions on the team.

Responsibilities can include:

- Checking the functionality of our game features
- Seeking and analyzing bugs systematically and recording them in our database
- Testing gameplay and reviewing balancing
- Recommending design improvements or corrections to the development team throughout the development process
- Creating test cases
- Maintaining the test management tool

*\*Please be aware this posting is an expression of interest only and not an active position. You will only be contacted if there is a vacancy that is matching your experience and profile.*

- Experience with and personal interest in quality assurance
- Experience with bug tracking and test management tools
- Professional work attitude (discipline, efficiency, attention to detail)
- Good communicator with strong interpersonal skills
- Ability to work in a team as well as independently
- Ability to work efficiently under pressure
- Good knowledge of Games
- Basic knowledge of MS Office
- Knowledge of soft- and hardware
- Fluent in English

## Your benefits:

- Flexible working hours
- External training, education in our in-house guilds and knowledge sharing with other teams
- Fresh fruits, discounted gym membership, corporate benefits and support for child care
- Free bike rental or lease your own bike
- Working in an innovative and international company

We offer a highly motivating challenge for team players interested in showing personal initiative in an innovative and international company. If you are passionate about video games and would like to join an industry leader - please apply via our career portal. The application should include your resume, a cover letter including your earliest starting date, and why you would like to join us.
