As our Junior Voice Designer (f/m/d) at Ubisoft Düsseldorf, you will work closely with a multidisciplinary team and have the responsibility for planning, organizing, implementing and maintaining all voice-related content over the course of the project. In the position you will be working closely with the audio/narrative/cinematic/game-design teams to ensure that all voice-related content meets everyone's needs.

What you will do:

- Overseeing the whole voice over pipeline
- Participate in the integration of voice / dialogue in the game
- Plan voice-recordings in collaboration with third-party providers
- Collect and organize the available data (Mocap recordings, studio recordings, ADR, robo-voice, etc..)
- Attend Voiceover- and MoCap sessions in-house or in external studios
- Participate in the preparation and development of voice content for Performance Capture sessions
- Develop and carry out sound treatment of voice where the voice requires effects
- Participate in the planning of the voice production in collaboration with the Audio Director
- Make sure that the voice quality meets the standard set by the Audio Director
- Debug, maintain and ensure the final product quality

What you bring:

- College diploma in Audio, Sound Design, Music or other relevant training
- Experience working with voice over related tasks in the film, TV, and/or video game industry
- Has shipped a game or completed a large project in the entertainment industry
- Good interpersonal and communication skills
- Ability to quickly learn new software and direct voice recording sessions
- Extensive scripting, post-production and voice production knowledge
- Extensive knowledge of audio processes & DAW software (Nuendo preferred)
- Experience of working with game engines and audio middleware is a plus
- Capable of high paced work towards tight deadlines in a sound team with other voice- and

sound designers

- Comprehension of dynamic real-time evaluation-based systems an advantage
- Experience with interactive non-linear audio mixing is a plus
- Knowledge of voice and voice history in video games and experience in the field a major asset

What to send our way:

- Your CV, highlighting your education, experience, and skills
- A cover letter including your earliest starting date, expected salary and why you would like to join us
- Please provide a portfolio with examples of your previous work/projects - be sure to check the link is working when applying
